Oklahoma Parent Teacher Association

THE LOCAL PARENT TEACHER ASSOCIATION

The PTA at the local level is linked to the Oklahoma PTA and National PTA, forming a nationwide network of members working on behalf of all children and youth. Because of its connections to the Oklahoma and National PTAs, the local PTA is a valuable resource to its school community with (1) access to programs to benefit children, youth, and their families, and (2) the recognition and size to influence the formulation of laws, policies, and practices—education or legislative.
