

Canadian County Resource Guide

This guide is intended to assist families in Canadian County to find resources. Most are located within Canadian County, but some are in neighboring counties due to lack of county resource. If you find a resource that is no longer available, needs updating, or a new resource that you think should be added, please contact Janet Wilson at janet-m-wilson@ouhsc.edu or (405)595-1958.

Disability Advocacy & Support

Sooner SUCCESS: soonersuccess.ouhsc.edu

Sooner SUCCESS is unique in its focus and ability to coordinate the different elements at both a community and state level.

A. It brings together agencies, parents and providers with an interest in children and youth services through coalitions- particularly services for children with special needs. In addition, Sooner SUCCESS succeeds in joining together existing coalitions for the purpose of achieving greater efficiency and closing existing service gaps.

B. It provides direct service navigation to families allowing Sooner SUCCESS to identify service needs for coalitions - enabling them to become more aware and motivated to seek solutions for families.

C. It nurtures and facilitates community and state efforts to address their needs through local and State initiatives. This is done by providing state agencies and universities with expertise about community and family experiences for the purpose of identifying additional public and private funding resources.

D. It provides accurate information to the local communities and the state on both the needs of children and the impact of the community efforts.
