Advocacy, Disability Awareness & Support

LATINO COMMUNITY DEVELOPMENT AGENCY**405-236-4667**

420 SW 10

OKC, OK 73109

<http://lcdaok.org>

The purpose of this program is to enhance the quality of life in the Latino Community through education, leadership, services and advocacy; to work towards enhancing children's physical, cognitive, social, and emotional development; to assist parents in their role as caregivers and first teachers of their children; and to help parents meet their own goals, including economic independence.

PARENT EDUCATION PROGRAM (PEP)**405-521-3351, ask for PEP**

2500 N Lincoln

OKC, OK 73105

<http://ok.gov/sde/parent-education-program>

PEP provides parent education for expectant parents and parents of children birth to age three in participating school districts to strengthen the capacity of parents to be effective first teachers and give their children the best possible start in life. Services can include: personalized home visits, support groups, developmental screenings, and a referral network. To enroll, parents should contact their local school district.

Oklahoma Family Network Phone:**580-977-7479**

DDSD Equipment Recycling Program

907 S Detroit
Enid, OK 74106
(918) 561-1357

Described and Captioned Media Program

Provides free-loan, open-captioned videos to deaf and hard of hearing persons. More than 4,000 titles including classic movies, educational videos, and special-interest videos are available. Teachers may use CMP videos and their accompanying lesson guides in the classroom. The CMP videos enhance the literacy value to all students in the classroom, even though only one child may have a hearing loss. Participation is limited to deaf or hard of hearing Americans, their parents, families, teachers, counselors, or others whose use of our collection would benefit a deaf or hard of hearing person. Recently added ... Video-described media for persons who are blind and visually impaired.

<http://www.cfv.org/>

Loan Closet

90-day equipment loans for consumers and persons with a disability. Can also assist with: Info & Referral, Skills Training, Advocacy Training, Peer Counseling, Social/Recreational Activities, Transportation, & Emergency Intervention.

Effective Programming for Young Children with Autism (Ages 3-5)

<http://www.specialed.us/autism/early/ear11.htm>

First 100 days with Autism

Autism Speaks has created a *100 Day Kit* specifically for newly diagnosed families. The goal is to help families make the best possible use of those first 100 days following the diagnosis of autism. The kit contains information and advice from trusted and respected experts on autism and parents of children with autism. There is a week by week plan for the first 100 days, organizational suggestions and forms that parents/caregivers can use to help with the paperwork and phone calls, as they begin to find services for their child

http://www.autismspeaks.org/docs/family_services_docs/100_day_kit.pdf

Helping Hand Grant -- For families of children with autism

This program offers up to \$1500.00 in grant money per family through the National Autism Association. The money can be used for biomedical treatments, supplements or therapies (this does include summer camp programs) for your child with autism. For more details or an application, check out:

<http://www.nationalautismassociation.org/helpinghand.php>

Visual support for individuals with Autism

<http://www.polyxo.com/visualsupport/>

YMCA Swim Program for Children with ASD

Here's how the program works:

1. Interested parents contact the YMCA at 580-237-4645 and set up an appointment with Kathi Black or Kim Haley.
2. Together they determine the individual needs of the child (what supports the child will need, how their autism is presenting itself and how that impacts their ability to enjoy the water, and what goals the family has for their child & swimming).
3. The family selects a class time (Classes are 30 minutes long and are scheduled on Tuesday & Thursday evenings at 5:45; 6:15; 6:45; and 7:15 p.m.)

Students can be any age and have any type of autism spectrum disorder.

The program is open to both YMCA members and non-members.

Cost for the lessons will be shared with a portion of the cost covered by scholarships and the other portion paid by the family.

Basic Needs (food, clothing, shelter, utilities)

2-1-1 North Central Oklahoma (211)

FREE 24-hour telephone number that connects people with important community services. 2-1-1 makes the process simple. It is the one central phone number available every day of the year that helps people get in touch with health and human service agencies, including:

- Basic Human Needs Resources
- Physical and Mental Health Resources
- Employment Supports
- Support for Older Americans and Persons with Disabilities
- Support for Children, Youth and Families

➤ OUTREACH PROGRAMS

- ❖ **Food Pantries**
- ❖ **Prescription and Insurance assistance**
- ❖ **Emergency Assistance with Rentals and Utilities**
- ❖ **Community Lending Closet (lends wheelchairs, medical equipment, etc.)**
- ❖ **Thrift Store**
- ❖ **Tax preparation assistance**
- ❖ **Weatherization and Housing assistance**
- ❖ **Clothing and Food Drives**

With two locations in Northern Oklahoma, the Opportunities, Inc. Emergency Food Pantries operate on donations given from community sources and help during time of crisis or emergency. The service is provided by a cooperative effort from community churches, the Department of Human Services (DHS), community donations, Regional Food Bank of Oklahoma, and Opportunities, Inc.

Currently our food pantries are located in:

- Clinton Oklahoma
- Watonga Oklahoma

Our food pantries are always accepting donations, and hold annual food drives in order to keep their shelves stocked and ready for the public.

The Watonga site is now taking food boxes to towns in Blaine County for senior citizens that are 65 or older and have trouble driving to Watonga. Applications are brought to the sites and applicants must bring a utility bill and proof of income to see if he/she qualifies for the food. **1st Wednesday of every month** Longdale @ City Hall 9-11:30 a.m. Canton @ Community of Christ 1:30-3:30 p.m. **3rd Wednesday of every month** Okeene @ Zion Church Community Center 1:30-3:30 p.m. **1st Tuesday of every month** Watonga @ Opportunities, Inc. 1-4:00 p.m.

If you are in need of food, having your own food drive, or just would like to know how you can donate to one of our locations, please contact Opportunities, Inc., for more information. 580-623-7283

Fax to 405.528.1290.

Monday- Friday 9 AM- 3 PM and Saturday 9 AM- Noon (By appointment only)

<http://www.infantcrisis.org/>

Serves babies and children ages birth through 4th birthday. Can reside anywhere in Oklahoma. Requires referral from social service agency or DHS, WIC, doctor's office, hospital, etc. Infant Crisis Services provides formula, baby and toddler food, diapers, blankets, clothing and other basic necessities. Based on availability of items, Infant Crisis Services will provide your baby or toddler with:

- * One weeks supply of diapers,
- * 2 cans of formula
- * Pack of baby or toddler food
- * Seasonal clothing, 3 matching outfits
- * A pack of wipes
- * Sleeper, socks, blanket and other miscellaneous items
- * Age appropriate toy
- * Book

Requirements:

- * The baby must be present at the time of the visit. Our loving volunteers will be on-hand to help take care of your children while you "shop" for the items you need.
- * A referral from another helping agency is required. If you need help obtaining a referral, please contact your WIC or DHS office.
- * Services are provided a maximum of four times during the baby's first 48 months.
- * We serve clients by appointment only. To schedule an appointment, please call 405-528-3663

A referral consists of the Caretaker (mom, dad, grandparent, etc.) and Child's name and date of birth and the referring agent's information. Referrals can be called in to their office, emailed or faxed, and a referral only has to be made one time per child. Currently, we serve kinship foster care only, not traditional foster care. Please note that after a referral has been made, appointments are available the same day or the next

Youth Leadership Forum for Students with Disabilities

Leadership development program for Oklahoma high school juniors and seniors with disabilities sponsored by the Oklahoma Developmental Disabilities Council. This week-long forum held each summer on a college campus provides youth with the opportunity to discuss topics such as leadership, systems change, goal setting, disability awareness, advocacy, career exploration, disability culture, volunteering and much more. Exciting presenters, community leaders, legislators and other professionals. To identify existing barriers to personal and professional success and develop plans to deal effectively with those barriers. To developing their own Personal Leadership Plan. To participate in large & small group activities with successful leaders, participating in a mock legislative debate in the House of Representatives Chamber, and more!

- What are the requirements to attend this Forum?

To be eligible for the Youth Leadership Forum, students must:

- (a) Reside in Oklahoma
- (b) Have a disability
- (c) Have demonstrated leadership potential in school and the community

- What is involved in the application process?

The "Intent to Apply" application is due to the YLF office no later than February 1.

The Application is due to the YLF office no later than March 9. Applicants will be contacted by telephone to arrange a interview. All applicants will be notified by letter whether they are one of 25 youth selected to attend the YLF. Additional detailed information on the Forum will be requested by those selected to attend.

Cost: There is NO charge for student delegates to participate in this Forum. All appropriate expenses will be paid by YLF, including lodging, food, and accommodations as requested.

- For additional information or to schedule a presentation, contact:

405-521-4964 or 800-836-4470 (outside Oklahoma City) or email:

jenifer.randle@okdhs.org

Child Study Center

405-271-5700 and ask for the referrals coordinator

Interdisciplinary evaluations, treatment, and consultation for children with special developmental, educational, behavioral, and medical needs. Part of OU Health Science Center. Parents should be referred by their child's primary care physician. The physician will complete a 2 page questionnaire for the CSC and then the CSC will contact parents to schedule an appointment (usually within 90 days) and provide a parent questionnaire for parent to complete prior to appointment. NOTE: Without physician referral the wait will be longer. Additional details on individual clinics available at:

OSU Psychological Services Center

To learn more about our services or arrange an intake appointment, please call us at (405) 744-5975. We are located on the OSU Campus across Monroe Street from Theta Pond.

Psychological Services Center
Oklahoma State University
118 N. Murray Hall
Stillwater, Oklahoma 74078-0250
(405) 744-5975

Services: The PSC provides services to children, adolescents, and adults. Services are available to residents of Stillwater and the surrounding community, as well as to OSU students, faculty, and staff. The PSC offers a variety of psychological services, including but not limited to:

Adult and Child Individual Therapy for Adjustment Problems, Depression, Anxiety, and Post-traumatic Stress Disorder (PTSD)

- Couples and Family Therapy
- Assessments for Learning Disabilities, Attention-Deficit/Hyperactivity Disorder (ADHD), Emotional/Behavioral problems, Autism, and other Developmental Disabilities; the PSC Assessment Clinic does not conduct forensic evaluations, custody evaluations, and/or court-ordered evaluations.
- School-Based Parent Education and Support for parents of children with behavior problems
- School-Based Social Skills Groups for children with peer relationship problems
- Group Therapy (e.g., Meditation and Stress Reduction, Emotion Regulation, and Healthy Relationships)

Fees: Initial, required intake appointments are \$10, and therapy session fees are calculated according to a sliding scale based upon level of income, with fees starting at \$10 per session. Fees for assessments are also based on a sliding scale and range from \$150-\$1000. OSU students pay a standard fee of \$250.

Early Intervention

A Better Chance Clinic (OUHSC)**Phone: 405-271-5700**

Provide comprehensive developmental evaluations (cognitive, speech, and medical) to evaluate how a minor compares with other minors by conducting cognitive, motor, speech, and medical evaluations on children who have been prenatally exposed to drugs/alcohol or there may have been prenatal exposure. Treatment recommendations are made but treatment is not provided.

Contact: Amy Hargrove, Referrals Coordinator

Ages & Stages Questionnaires®

This online version of the Ages & Stages tool provides parents of children birth to 5 1/2 years to check their child's overall development and social-emotional development. The results of these questionnaires help determine if a child's development is on schedule. Results are sent via email and can be used as a discussion tool by service providers

Center for Response to Intervention in Early Childhood

<http://www.crtiec.org/>

Child Guidance**Call (580) 233-0650 for an appointment**

Child Guidance services are part of the primary prevention, diagnostic, and treatment services offered by Garfield County Health Department and the Oklahoma State Department of Health. When fully staffed the guidance team includes a Psychologist, a Child Development Specialist and a Speech/Language Pathologist. This program serves children birth to twelve years of age and their families. We believe parents are an essential part of any services provided to a child and they are involved throughout the course of intervention. Fees are based on a sliding scale and are determined by the annual gross income and size of the family. Medicaid and insurance are accepted. No one is refused services because of an inability to pay. Services include: Evaluation and Screening; Prevention and Education; Individual, Family, and Group Intervention; Consultation and Referral.

Children First**Call (580) 233-0650 for an appointment**

The Children First program is a community-based voluntary family resource program, which offers public health services to families expecting to deliver and/or parent their first child. The program encourages early and continuous prenatal care, personal development, and the involvement of the fathers, grandparents, and other supporting persons in parenting.

Public Health Nurses provide home visitation services during pregnancy and the first two years of the child's life. The nurses follow well-developed program protocols that focus on the following domains:

- Personal Health
- Environmental Health
- Life Course Development

- Maternal Role
- Family and Friends Support
- Health and Human Services

Program goals are to produce healthy family members and enhance a family's ability to care for itself. At enrollment the mother must be less than 29 weeks pregnant, expecting her first child & meet income eligibility criteria for WIC or Medicaid.

Children with special health care needs

Medical services for special needs kids not eligible for Medicaid - food supplements, genetic testing & counseling, neonate, specialty services, formula for PKU, respite
Call local DHS office at 580-548-2100 or 1-800-433-7074

Early Childhood Mental Health Resources

For parents, early childhood mental health consultants, and other early childhood staff:

- *My 1st Year* is designed to document a baby's first year of life and can be used as a tool by both providers and parents.
- *Discovering Feelings* offers caregivers an easy way to: (1) Introduce emotional vocabulary to a child; (2) Illustrate for children a range of emotions; (3) Validate the wide range of emotions experienced by children; and (4) Assist children in linking emotional vocabulary

Early Foundations Preschool Autism Model and Outreach Project

Early Foundations is a unique, model program and outreach project serving very young children with autism spectrum disorders (ASD) and their families in Oklahoma. The project focuses on the importance of early, intensive intervention as soon as a toddler is diagnosed with ASD. Services are provided in developmentally appropriate settings where there are typical childhood activities and contact with typical peers. In addition to developing an effective model, this project is intended to provide replication and outreach support to assist other communities in developing a program with the recommended components. The initial program is housed at the Mayflower Congregational Church in Northwest Oklahoma City. New programs are also available in Mustang & Norman. For more information about how to start an Early Foundations in your area.

Infant Crisis Services

<http://www.infantcrisis.org/>

Provides formula, baby and toddler food, diapers, blankets, clothing and other basic necessities.

Based on availability of items, Infant Crisis Services will provide your baby or toddler with:

- One weeks supply of diapers,
- 2 cans of formula
- Pack of baby or toddler food
- Seasonal clothing, 3 matching outfits
- A pack of wipes
- Sleeper, socks, blanket and other miscellaneous items
- Age appropriate toy & Book

Requirements:

- The baby must be present at the time of the visit. Our loving volunteers will be on-hand to help take care of your children while you "shop" for the items you need.
- A referral from another helping agency is required. If you need help obtaining a referral, please contact your WIC or DHS office.
- Services are provided a maximum of five times during the baby's first 48 months.

Oklahoma School for the Blind

877-229-7136

3300 Gibson, Muskogee, OK 74403

SoonerStart - Early intervention

580-323-2100

Located at: 3030 Custer Ave.

Clinton, Ok 73601

<http://sde.state.ok.us/Curriculum/SpecEd/SoonerStart.html>

Our early intervention services are provided for eligible children (newborn to 3 years of age) and their families. Children are determined eligible with an automatically qualifying condition or syndrome (for example: Down's Syndrome, Cerebral Palsy and etc.) or through developmental testing.

Developmental testing is available for the following areas:

- Personal/Social
- Self-Help
- Gross/Fine motor
- Receptive/ Expressive Language
- Cognition
- Hearing
- Vision

Intervention services may include:

- Parent education
- Nutrition
- Nursing
- Speech/Language therapy
- Physical therapy
- Occupational therapy
- Audiology
- Social work
- Child Development services
- Vision Consultant
- Deaf and Hard of Hearing Consultant
- Resource coordinator services

All services are free of charge regardless of insurance or income. Services are provided where the child typically spends time such as home or child care, but

families are welcome to come to the county health department also. We serve families in Garfield, Grant Major, Alfalfa, and Woods counties. For more information or to make a referral call (580) 233-0650 and ask for SoonerStart

Feelings Matter

Description: Friendships Matter. Families Matter. Supporting Each other matters. Our thoughts and feelings matter. This program will help students understand how the things they do and think affect what they do. They will get an inside look at how brain health is connected to overall health and how friends can help them manage stress. This program is made possible through the support of Oklahoma Systems of Care and Newspapers in Education.

OSEP Tool Kit on Teaching and Assessing Students With Disabilities – For educators

<http://www.osepideasthatwork.org/toolkit/index.asp>

OSEP Tool Kit on Teaching and Assessing Students with Disabilities.- Parent Information

<http://www.osepideasthatwork.org/parentkit/index.asp>

Positive Behavioral Interventions

A child's behavior is always logical from their perspective, but sometimes the rest of us need a little help keeping up. The Partners Resource Network has put together a new information packet to help families, caregivers, and teachers develop a new way of thinking about behavior and more importantly find positive ways to respond.

This curriculum was developed to help families understand the "behavior process" so that parents can speak confidently about the need to teach their child positive behavioral alternatives instead of simply punishing behaviors that are disruptive.

www.partnerstx.org/PositiveBehavioralInterventions.htm

Response to Intervention (RTI): A primer for parents

A major concern for parents is how to help their children who experience difficulty in school. This Primer for Parents, developed by the National Association of School Psychologists, helps parents understand the RTI approach to providing services and interventions to struggling learners, including early intervening services through

academic and behavioral supports rather than waiting for a child to fail before offering help. It also suggests ways parents can become involved in the process and provides links to additional RTI resources.

<http://www.nasponline.org/resources/handouts/rtiprimer.pdf>

Retention

Schools sometimes advise parents that their child will be retained in grade because of making insufficient progress. If this sounds familiar, then you may find this issue of the Wrightslaw newsletter helpful in challenging that decision.

<http://www.wrightslaw.com/info/retain.letter.htm>

Special Education Teacher Grants

580-237-7890

Each year the 4RKids Foundation awards grants for classroom projects & materials that reflect innovation in programming for developmentally disabled students. Counseling & social services available. Services provided at no cost to birth parents.

Foster Parent Hotline:

1-800-376-9729

New Directions

(405) 271-8858

A 12 week group treatment program for children ages 3 to 12 in foster care due, in some part, to parental substance abuse, and their foster parents. The program curriculum integrates principles from the Children's Programs at the Betty Ford Center and Trauma-Focused Cognitive Behavioral Therapy (TF-CBT) model and is designed to help foster children and foster parents more effectively cope with the negative impact of parental substance abuse. Additional services provided at no cost to foster children and their foster parents include cognitive and developmental screenings, assessment of current psychosocial functioning, treatment, education and advocacy for foster parents, and babysitting during group hours. New Directions works to improve child functioning and enhance foster placement stability by:

- Teaching safe and healthy coping
- Stabilizing mood and increasing self-esteem
- Reducing acting-out behaviors
- Reducing trauma symptoms
- Teaching foster parents additional ways to manage challenging child behaviors
- Assisting in the child's transition from foster care to the biological parent(s), when applicable

Downloadable referral form available on the New Directions website:

<http://oumedicine.com/newdirections>

Oklahoma's Foster Care Clothing Voucher and Authorization System OKDHS Pub. No. 00-03 (Leaflet)

Oklahoma Independent Living Program

Focuses on our teen population and seeks:

- to promote the importance of early planning for one's future;
- to develop each individual's innate strengths;
- to promote the concept of permanent connections;
- to ensure transition of young people ages 16-21 from state custody to self-sufficiency and successful adult living;

- to support youth by encouraging a multi-disciplinary approach through training of field staff, and other appropriate adults;
- to develop teen targeted resources and community partnerships.

Services

- Life Skills Assessment
- Tutoring
- Life Skills Training

Healthcare: Dental

Oral Healthcare for children with special healthcare needs:

Parent/Provider Guide

This guide is designed to be a tool kit for family members/caregivers to help provide good oral care for the children they care for. It is also designed to be a quick reference guide for dental providers on how to best provide oral care for children with special health care needs. Available online in a pdf format for ease in printing:

<http://okacaa.org/Internal%20Links%20REVISED%20Version%20Oral%20Health%20Care%20for%20Children%20with%20Special%20Health%20Care%20Needs.V3.pdf>

Oklahoma Dental Foundation - Mobile Dental Van program

The Oklahoma Dental Foundation offers onsite dental screening and treatment for children who might not otherwise have access to dental care. Priority will be given to children who:

- Do not have a dentist
- Have dental issues and no insurance or means of accessing services
- Have a family income that is less than 200% of the poverty level (based on parent self-report) For a family of 4 this would mean an income of approximately \$41,000

A one-day session with the Mobile Dental Van (MDV) and a community investment fee of \$1,000 per day, can serve 12-16 children depending on the type of services needed. The MDV can provide all basic care needed for children. All services are provided by the Oklahoma Dental Foundation dentist and are provided at no cost to the family or the school. Services that cannot be completed in a single session are started the day of the clinic and finished by a volunteer dentist at their local practice (still without cost to the family). Schools or organizations interesting in hosting the mobile dental van in their community should contact the Oklahoma Dental Foundation at **405-241-1299**.

<http://www.okdf.org/Programs/Mobile/MobileDental2010.html>

Goodbye, Fears!

www.GoodbyeFears.com

The Children's Hospital at OU Medical Center has introduced a new internet tool to prepare children and their parents for a hospital stay. The site uses whimsical characters to acquaint children with what they might see, hear and do while they are receiving care in a hospital environment. The site includes a separate section for parents. The comprehensive information found in this section includes tips on preparing for surgery and acquaints parents with services and amenities available within the hospital. It also provides resources that help families find appropriate and convenient accommodations during a loved one's hospital stay.

Developmental/Behavioral Consultation Service (OU Child Study Center)

Free phone consultation service for SoonerCare providers seeking information on best practices related to patients with:

- Autism spectrum disorders
- ADHD
- Behavior & emotional difficulties
- Neurodevelopmental disorders
- Learning disabilities.

Developmental-Behavioral Pediatrician or their nurse practitioner can share standards of care, best practices, strategies of medication management, assistance with implementing recommended services, strategies for working with education & other systems, assistance in the referral process for specialty services, and assistance with referral to the Child Study Center. Family members can also utilize the phone service to access information regarding their child's disorder and available resources.

New Directions Phone:**405-271-8858**

A 12 week group treatment program for children ages 3 to 12 in foster care due, in some part, to parental substance abuse, and their foster parents. The program curriculum integrates principles from the Children's Programs at the Betty Ford Center and Trauma-Focused Cognitive Behavioral Therapy (TF-CBT) model and is designed to help foster children and foster parents more effectively cope with the negative impact of parental substance abuse. Additional services provided at no cost to foster children and their foster parents include cognitive and developmental screenings, assessment of current psychosocial functioning, treatment, education

and advocacy for foster parents, and babysitting during group hours.
New Directions works to improve child functioning and enhance foster placement stability by:

- Teaching safe and healthy coping
- Stabilizing mood and increasing self-esteem
- Reducing acting-out behaviors
- Reducing trauma symptoms
- Teaching foster parents additional ways to manage challenging child behaviors
- Assisting in the child's transition from foster care to the biological parent(s), when applicable

Contact: Susan Schmidt, Program coordinator

Downloadable referral form available on the New Directions website:

Reflections Halfway House

YWCA Enid's Reflections Halfway House is a residential program providing support services to low-income women, with dependent children, who have recently completed drug and alcohol treatment. The safe and supportive environment of a Halfway House facility provides a wide range of assistance including improvement in client education and employability levels. Referrals are accepted from a variety of sources including, but not limited to: treatment centers, the Department of Human Services, doctors, and hospitals. Self-referrals are accepted in some circumstances. The client stay varies with the individual client and progress. REFLECTIONS recommends no less than six months to permit clients to work on their treatment plans/goals and develop a solid base of sobriety.

Contact: YWCA (580) 234-7581

Shadow Mountain Services

All services are for children and adolescents. Shadow Mountain offers both acute and residential treatment for a wide range of behavioral health issues such as ADD/ADHD, depression, fire starting, harm to self & others, impulse control disorders, ODD, psychotic symptoms and Threshold for Change for sexually aggressive youth. Shadow Mountain also provides therapeutic foster care for its region of the state and will support children needing TFC outside their area if therapeutic care is not available in their home region.

- ❖ *Riverside* is a specialty programs for children autism spectrum disorders, reactive attachment disorders, a dual diagnosis of developmental delay and mental health issues.
- ❖ *Eagle Creek* is a less restrictive therapeutic program that utilizes a primarily an outdoor setting along with Native American traditions, an experiential approach and equine therapy to address the emotional & behavioral needs of adolescents.

Virtually all of the children receive their treatment through SoonerCare coverage or private payment as most insurance plans exclude this type of treatment.

Average stays: Shadow Mountain – 60 to 90 days

Thresholds for Change – 9 months to a year

Riverside – 6 to 9 months

Reactive Attachment Program – Approximately 1 year

STAR Program (Sexual Trauma and Abuse Recovery)

Inpatient mental health units specialize in the treatment of children with sexually aggressive or inappropriate behaviors in children ages 5 to 14. Typically the children have been the victim of sexual or other forms of abuse and often have a history of failed placements. Treatment includes individual, family, group, and therapeutic recreational services, medication management, social skill training, self-esteem development and anger management, as well as specialty group therapy that address maintaining acceptable boundaries with others.

Emotional Disorders

Not all children grow from infancy through their adolescent years without experiencing some bumps along the way. While every child is unique and special, sometimes they encounter emotions, feelings or behavior that cause problems in their lives and the lives of those around them. Families often worry when their child or teenager has difficulty coping with things, feels sad, can't sleep, gets involved with drug, or can't get along with family or friends. The AACAP developed Facts for Families to provide concise and up-to-date information on issues that affect children, teenagers, and their families

The National Center for Learning Disabilities (NCLD)

An extensive toolkit in Spanish to help families recognize potential signs of LD, work with their children to develop and enhance skills, and be an advocate for their children who are getting ready for school as well as those who are enrolled in K-12 education settings. This comprehensive toolkit includes:

- 30+ articles that provide information on
 - Learning disabilities, such as dyslexia, dyscalculia, dysgraphia
 - How parents can stand up for their child's rights
 - Behavior challenges and LD
 - Supporting a child's success in school
 - Helping a child to develop "success" skills such as pro-activity, self-awareness, and perseverance
- Handy worksheets
- An interactive LD Checklist

Partnership for Prescription Assistance - America's pharmaceutical companies are making prescriptions available for people without prescription coverage and who can't afford their medicine. This service was created as of April 2005. The toll-free phone number is: 1-888-4PPA-NOW or 1-888-477-2669. Their website is

<http://www.pparx.org> They have brochures in Spanish.

Local Resources:**Bilingual Pediatric Therapies - Occupational and Speech Therapy**

Our occupational therapists evaluate children in their native language in our clinic to determine how a disability affects their participation in school, home, and life. Then they recommend a program to address the unique effects of the child's disability. Finally, our clinicians employ the appropriate treatments which may include sensory integration, play activities, and developmental activities.

Children in speech and language therapy make amazing growth when therapy is provided in their dominant language. The barrier of learning a second language while, at the same time, learning the pragmatics of speech is removed. Additionally, our bilingual therapists can communicate directly with the parents of our clients which fosters trust and invests them in our clinic.

Section 8

The **Section 8 Housing Choice Voucher** program is the federal government's major program which helps very low-income families, the elderly, and the disabled to rent healthy and safe housing in the private market.

Oklahoma Housing Finance Agency's Board of Trustees approved a resolution during its November 2011 meeting to close the Section 8 Housing Choice Voucher Program waiting list effective December 31. OHFA receives funding for the program from the U.S. Dept. of Housing and Urban Development to assist families statewide.

The need to close the waiting list results from the limited number of Section 8 vouchers OHFA administers and the increasing number of applications, about 1,400 each month, that OHFA currently receives. Already more than 12,000 families are waiting for rental assistance through OHFA with an average wait time of three to five years.

<http://www.ohfa.org/RentersLandlords.aspx?mp=HeaderRenters&quicklink=Renters and Landlords>

Shelter Plus Care

program designed to provide housing and supportive services on a long-term basis for homeless persons with disabilities, (primarily those with serious mental illness, chronic problems with alcohol and/or drugs, and acquired immunodeficiency syndrome (AIDS) or related diseases) and their families who are living in places not intended for human habitation (e.g., streets) or in emergency shelters. The program allows for a variety of housing choices, and a range of supportive services funded by other sources, in response to the needs of the hard-to-reach homeless population with disabilities. Webpage includes resource manual & fact sheet.

<http://www.neuroresourcesoutreach.com/index.html>

Offers outpatient Occupational Therapy, Physical Therapy, Speech-Language Pathology, Rehabilitation Psychology, Music Therapy, Therapeutic Yoga, Pilates and Medical Massage. Accepts most insurance and managed-care companies, Medicare, Medicaid, DDSD and Contracted Providers. Service levels:

--Total U is a private-pay wellness and rehabilitation program where the patient receives therapy from a Team Treatment approach. A variety of team treatments are available for the patient to sign up for. Teams are goal specific and goal focused, not therapy discipline (OT, PT, SP) specific. Different therapists or specialists may facilitate the team treatment depending on the needs of the patients.

--The Rylyn Meacham Center (RMC) is a free clinic that shares facilities and mission of NeuroResources Rehab. RMC is free of charge to patients and operates off a volunteer staff basis. RMC is offered Monday evenings to individuals who have sustained Spinal Cord Injury or related diagnosis. Tuesday and Thursday evenings are catered to individuals who have suffered a Stroke, Brain Injury, or other neurologic diagnosis. RMC is a faith-based, community-supported clinic that not only provides therapy for individuals in need, but teaches the patient and their loved-ones how to properly manage their condition to encourage recovery and return of the affected extremity.

State Assistance Programs

Many of the State Assistance Programs can be accessed and applied for online here <http://www.okdhs.org/>.

Advantage Waiver Program

This program provides funding for in-home services to older Oklahomans and adults with physical disabilities who are medically and financially eligible to receive nursing facility care under Medicaid guidelines. It is administered through the Oklahoma Department of Human Services (OKDHS) Aging Services and the Long-Term Care Authorities of Tulsa and Enid. Services can include adult day care, home delivered meals, comprehensive home care, case management, skilled nursing care, medications, specialized equipment and supplies, environmental modifications, and other supportive assistance. Eligibility requirements include an assessment by OKDHS nurses to determine level of care.

Child Care Assistance

This is a program of the OKDHS that helps to pay for all or part of the cost of child care for children up to age 13 while the parent(s) work or go to school. Assistance may also be available for children older than 13 who have a disability. Child care must be provided by a licensed provider. Eligibility for the program is based on income. Application for the program is made through the local county OKDHS

Family Service Center. Applicants need to provide information about work or school schedule in addition to proof of income.

Developmental Disability Support Services

Community Integrated Employment Service

Community Integrated Employment (CIE) is a service program that provides placement, job training and short-term or long-term supports to assist service recipients in achieving and maintaining employment within the community. Services are delivered in integrated settings in the community be contracted providers.

<http://www.okdhs.org/programsandservices/dd/ciemp/default.htm>

Family Support Assistance Program

This program provides cash payments ranging from \$250 to \$400 per month, depending on the number of children under 18 years old with developmental disabilities living in the home. To qualify, the family must be headed by natural or adoptive parent(s) or a legal guardian (adoptive parents cannot also receive an adoption subsidy); have an adjusted gross income of no more than \$45,000 per year and live in Oklahoma. The child must be under 18 years old, a diagnosis of a developmental disability as defined by Oklahoma law; and live in the family home.

Families cannot receive the Family Support Assistance payment if they are already receiving waiver services. Application for this program is available at the local county OKDHS office or one of the Developmental Disability Services (DDS) area offices. Families who qualify are served in chronological order, based on the date of their application, as funds allow.

Home and Community Based Waiver

This program offers a variety of services so that individuals with a developmental disability can live at home. The waiver provides services such as in-home paraprofessional supports, respite care, specialized therapy, counseling, family training, adaptive equipment, architectural modifications to the home, skilled nursing, transportation, and habilitation training. To be eligible for this program, the person or child must: 1.) be a resident of the State of Oklahoma; 2.) be determined to have a disability, with a diagnosis of mental retardation, by the Social Security Administration or the Oklahoma Health Care Authority, Level of Care Evaluation Unit; 3.) be three years of age or older; 4.) be determined by the Oklahoma Health Care Authority, Level of Care Evaluation Unit, to meet the ICF/MR Institutional Level of Care requirements; 5.) be determined financially eligible through the DHS Family Support Services Division; 6.) not be enrolled in any other Medicaid waiver program; and 7.) not be residing in a hospital, nursing facility, or ICF/MR (Intermediate Care Facility for the Mentally Retarded). There is a waiting list for this program. Although children are eligible at age three (3), families are encouraged to apply as early as possible. Applications are available at local OKDHS Family Service Centers, area DDS offices.

In Home Supports Waiver

In this program, families and individuals can choose the service(s) they need. Those eligible may receive services up to a specific amount each year. All services are provided through agencies which contract with DDS. Services include respite, habilitation training, environmental accessibility adaptations, family training, adaptive equipment, and specialized medical supplies. Other services are available to children through the Medicaid EPSDT program and the SSI-Disabled Children's Program. Eligibility includes meeting requirements for the Home and Community Based Waiver. The individual must reside in the family's home or his or her own home, and have critical support needs that can be met through a combination of non-waiver and Medicaid State Plan resources available to the individual, and within the per capita waiver

allowance. There is a waiting list for this program. Application is through the local county OKDHS Family Service Center or one of the area DDS offices.

Low-Income Home Energy Assistance Program (LIHEAP)

OKDHS, in cooperation with the federal government, provides seasonal assistance to low-income households to assist with winter heating bills, and to provide help for some families who have received utility cut-off notices. Applications are taken in the local OKDHS Family Service Centers. LIHEAP program application periods are dependent on available funding. Heating assistance applications are usually taken for two weeks beginning the first Monday in December. Crisis assistance applications are usually taken for two weeks starting March 15th or the first Monday following March 15th. Summer Cooling assistance applications are usually taken for two weeks starting July 15th or the first Monday following July 15th.

Medicaid

This program is also known as Title XIX (19). Services range from preventive medical care for children and adults to nursing care and alternative homebound care. It is not necessary for a medical condition to exist before applying for services. Eligibility for Medicaid is determined by federal and state regulations. Applicants must meet financial and other eligibility conditions to qualify for services. Those who might be eligible include: someone who is aged (age 65 or older), blind (as determined by Social Security Administration), disabled (as determined by Social Security), pregnant, a child under the age of 19, and adults who have children under the age of 19 whose primary place of residence is with the adult. You may also request an application by phone or mail. This form may be completed and sent to your local county office. Appointments may be scheduled for your convenience.

TEFRA

(Tax Equity and Fiscal Responsibility Act of 1982) gives states the option to make Medicaid benefits available to children with physical or mental disabilities who would not ordinarily be eligible for Supplemental Security Income (SSI) benefits because of their parent's income or resources. This option allows children who are eligible for institutional services to be cared for in their homes. This option went into effect in Oklahoma October 1, 2005. Application can be made at any OKDHS office.

Early and Periodic Screening, Diagnosis and Treatment (EPSDT)

Persons under 21 who are receiving Medical Benefits / Medicaid may receive health and dental screenings and follow-up treatment for certain conditions. Providers include physicians, health departments, schools and some local health clinics. These exams are available on a periodic schedule based on the age of the individual.

State Supplemental Payment (SSP)

This state funded program provides financial assistance to low income, aged, blind and disabled populations who have been determined financially eligible. These individuals also receive Medicaid Services. Application is made through the local OKDHS Family Service Center.

Supplemental Nutrition Assistance Program SNAP (Food Stamps)

The Supplemental Nutrition Assistance Program, formerly the Food Stamp program is a federally funded program that provides benefits to households who meet eligibility requirements established by the U.S. Department of Agriculture (USDA). The monthly benefit is determined by the income and size of the household and is used to purchase food. The food stamp benefit in most instances is intended to supplement other income. Anyone can apply for food stamps at the OKDHS Family Service Center in the county where he/she lives.

Supplemental Security Income (SSI)

The SSI program is administered by the Social Security Administration and provides monthly income to people who are blind or disabled, or age 65 and older, and have limited income and financial resources. To qualify for SSI, a child must be blind or disabled **and** financially needy. In determining a child's financial eligibility, the parents' or step-parents' income and resources are considered. Determining disability eligibility is done by the state's Disability Determination Unit using SSA rules. Generally Social Security considers a child disabled if the child has "marked and severe functional limitations" from a physical or mental condition and if the condition has lasted or is expected to last at least 12 months or will result in the child's death. Apply for SSI at local Social Security offices.

Supplemental Security Income - Disabled Child Program (SSI-DCP)

This program assists children from birth to age 18 who receive a Supplemental Security Income Disability

Payment (SSI) to receive assistance in obtaining needed equipment and services. This includes adaptive equipment, specialty formula from birth to age 18, diapers from age 4 to age 18, and other services. Application should be made through the local county OKDHS Family Service Center.

Temporary Assistance to Needy Families (TANF)

TANF is a cash assistance program available for families who have children deprived of support because of a parent's death, incapacity, absence, or unemployment. The purpose of this federal program is to provide **temporary** support in meeting basic needs, training leading to employment, employment services, and day care assistance for qualified families with children. While receiving cash assistance, the adult recipients are required to work or participate in activities geared toward work and achieving self-sufficiency. Recipients also receive Health Benefits (Medicaid). Persons receiving TANF also receive child support collection services from Child Support Enforcement. Applications are made at the OKDHS Family Service Center in the county where the family lives.

Women, Infants and Children (WIC) Nutrition Program

WIC is a federal program administered by the Oklahoma State Department of Health. The program provides food, formula, nutritional screening, and information. Those eligible include women who are pregnant, breastfeeding or who have recently given birth, as well as infants and children to five years of age.

Income guidelines apply. Applications are available at a local WIC clinic or county health department.
